PIRATES HOOKED Bought a Kodi box? You're probably under investigation, UK's official copyright protectors warn

As UK officials try to tackle copyright infringement, people wh
buy illegal IPTV boxes 'may be investigated'

EXCLUSIVE By Margi Murphy
4th May 2017, 11:05 am | Updated: 4th May 2017, 11:06 am

COMMENT NOW

KODI box owners "may be investigated" as part of a crackdown on copyright materia across the UK.

That's according to the chief executive of FACT, the federation against copyright theft, who warned that soon "some poor, unfortunate person may be the first that is made a example of".

DIGITAL ECONOMY ACT: ILLEGAL KODI STREAMS COULD NOW LAND USERS IN PRISON FOR 10 YEARS

dia players running Kodi / *REUTERS/Tobias*

t media players loaded with
add-ons

/news/digital-economy-act-
ht-data-sharing-a7716131.html

Recent European Court of Justice ruling means:

Anyone caught streaming TV shows, films and sports events illegally using websites, torrents and Kodi add-ons could technically face a decade behind bars.

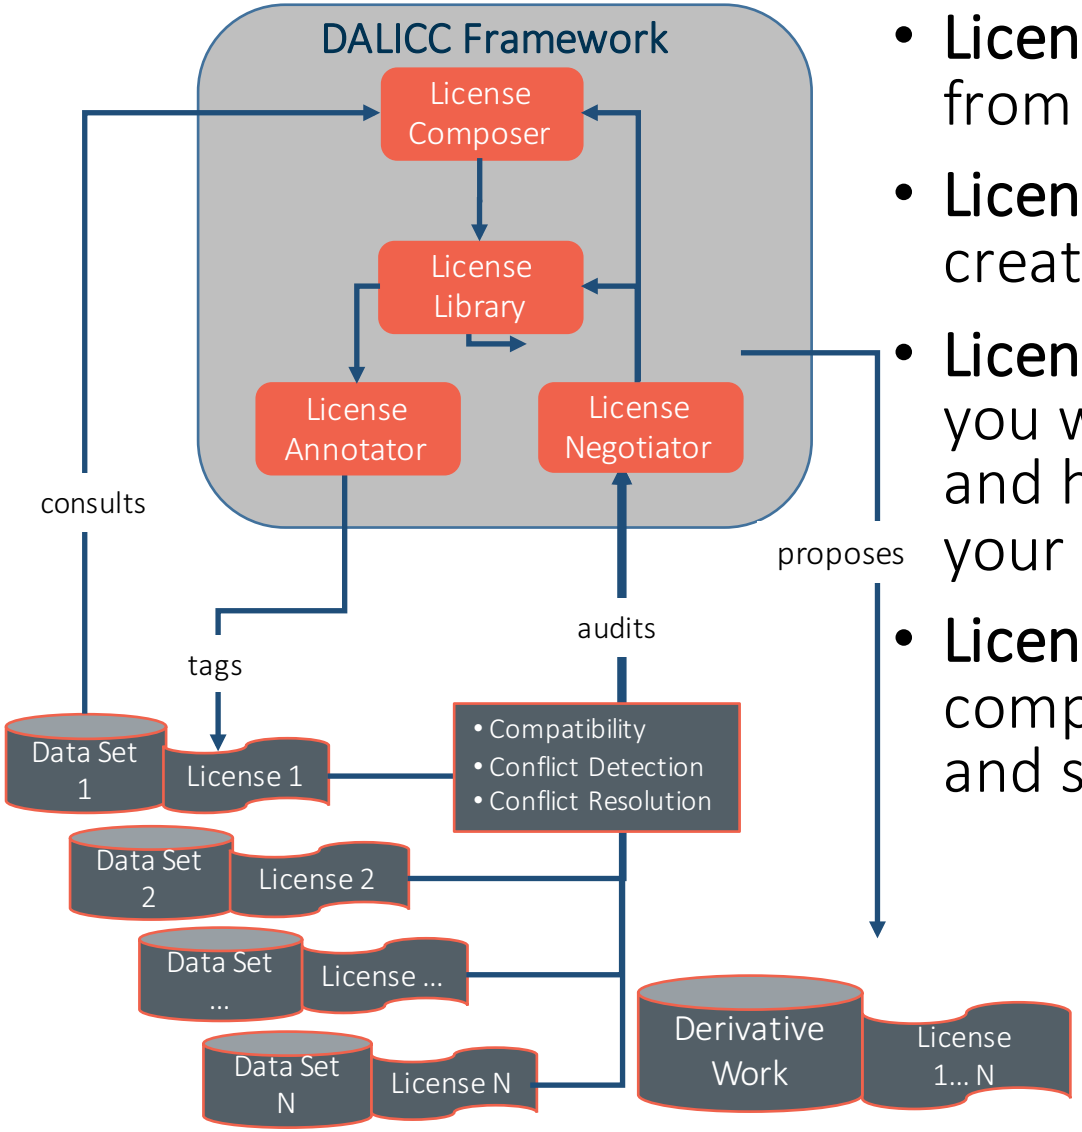
The DALICC Framework

DATA LICENSES CLEARANCE CENTER



- **License Library:** Lets you choose from a set of standard licenses
- **License Composer:** Lets you create customised licenses
- **License Annotator:** Provides you with a machine-readable and human-readable version of your license
- **License Negotiator:** Checks compatibility, detects conflicts and supports conflict resolution

The DALICC Framework

DATA LICENSES CLEARANCE CENTER

- **Formal Semantics & REL Evaluation**
  - Analyse license terms for semantic equivalence / similarity / ambiguity (i.e. distribution)
  - Evaluate semantic expressivity of Rights Expression Languages to represent license terms
- **License Representation**
  - Represent licenses in RDF using ODRL + extensions
  - Contribute to W3C Permissions & Obligations Group
- **Rule Engine**
  - Create rules to reason over RDF statements to
    - … calculate similarity of licenses
    - … detect conflicts between licenses
    - … provide hints to conflict resolution
- **Data Provision & Publishing**
  - Provide API to enable “DALICC as a service”
  - Provide endpoints to retrieve (linked) open data from DALICC (i.e. RDF licenses)
